

Weekly Report - Week 7

Name: Steven Crosby

W-number: W0218814

Date: February 23rd, 2024

Project

Project Name: WPF Music Store application

Project Description: Continuation of the development of the WPF application for the Chinook music store. This week focused predominantly on integrating the Entity Framework for database connectivity with the UI elements. Efforts were made to ensure that the UI components can dynamically interact with the database, enhancing the overall functionality and user experience of the MusicCatalog page.

Project Tasks

Project Tasks	Estimate Hours	% Comp	Actual Hours	Assigned to	Task Description
Data Integration for UI Elements	8	100%	9	Steven Crosby	Successfully integrated backend data with the UI, ensuring dynamic display of music catalog data.
UI Design and Layout Updates	4	100%	4	Steven Crosby	Updating UI elements such as home page, menus, and buttons. Integration with dynamic data completed.
